Veterans Base Camp

Acoustic Instrument Building Program for veterans with PTSD, traumatic brain injuries, range of motion difficulties and parent/child family rebonding after deployment.

Veterans Base Camp Inc., 108 England Road Chaplin, CT 06238
www.veteransbasecampinc.org 860-786-7163

Our Veterans Base Camp Instrument Program centers on improving the self-confidence and range of motion issues found in PTSD and traumatic brain injuries found in veterans of all services. Additionally, the program can be used to reconnect parent/child relationships after long periods of deployment.

The program is free to applicable veterans and children and is funded entirely by donations and the sale of donated used instruments that were refurbished in our workshop.

We have a range of instruments available for individual classes to include acoustic guitars, electric guitars, mandolins, ukeleles and

mountain dulcimers. Each style of instrument has its own skill-level and we can suggest the appropriate instrument for the veterans abilities.

To our knowledge our workshop is unique among veteran programs and offers a tangible reward while focusing on the veteran's abilities and pace of construction.

The instructor himself is a combat veteran, providing a closer relationship and bond between the student and teacher in many instances.

What may seem impossible to the entering student becomes a source of self confidence when the instrument is completed.

[American Legion Training Online Course](#)

The American Legion's official training program for officers, members, Legion College applicants and those who simply want to expand their knowledge of the nation's largest veterans service organization is now available online. Already taken the old course? The American Legion Extension Institute has been rewritten, updated, streamlined and enhanced with videos, digital photos, clickable links, a historical timeline and additional features. The program should take less than two hours to complete. It is divided into six sections, with a quiz at the end of each one, followed by a final exam.

[Mission Roll Call White Star Families](#)

White Star Families

A White Star Family is one who lost a close relative that served in the military to suicide. Whether they were active duty, reserve, or retired from the military, the single purpose of the White Star program is to honor those fallen service members and provide care and support to the families.

At Mission Roll Call, our main priority is to end the epidemic of suicide among veterans. We've seen time and time again, service takes its toll, and it's not always evenly dispersed among its constituents. We've also seen that the Department of Veterans Affairs is either incapable of properly caring for its members or is undisturbed by the weight of this epidemic.

That's why we're leveraging the power and resources of a grassroots movement, including the deafening voice of the American people, to stand up and proactively speak out against veteran suicide. Others among us have, are, and will do the same until we see the system currently in place changed for the better. Our veterans deserve more.

If you or your family members have been affected by veteran suicide, please reach out directly, as we'd like to help you tell your story.
