[American Legion Training Online Course](#)

The American Legion's official training program for officers, members, Legion College applicants and those who simply want to expand their knowledge of the nation's largest veterans service organization is now available online. Already taken the old course? The American Legion Extension Institute has been rewritten, updated, streamlined and enhanced with videos, digital photos, clickable links, a historical timeline and additional features. The program should take less than two hours to complete. It is divided into six sections, with a quiz at the end of each one, followed by a final exam.

[Mission Roll Call White Star Families](#)

	A White Star Family is one who lost a close relative that served in the military to suicide. Whether they were active duty, reserve, or retired from the military, the single purpose of the White Star program is to honor those fallen service members and provide care and support to the families.
ONE MISSION. ONE VOICE. missionrollcall.org	At Mission Roll Call, our main priority is to end the epidemic of suicide among veterans. We've seen time and time again, service takes its toll, and it's not always evenly dispersed among its constituents. We've also seen that the Department of Veterans Affairs is either incapable of properly caring for its members or is undisturbed by the weight of this epidemic. That's why we're leveraging the power and resources of a grassroots movement, including the deafening voice of the American people, to stand up and proactively speak out against veteran suicide. Others among us have, are, and will do the same until we see the system currently in place changed for the better. Our veterans deserve more.
